

Camp In Packing List

What to Wear

You will be sleeping in the clothes that you wear to the Camp In, so we strongly suggest that you dress in layers. Be sure to wear comfortable shoes, but we discourage any open-toed or backless shoes such as flip-flops, Crocs™, etc. Shoes must be worn at all times when walking about the Science Center (even during that late-night trip to the restroom).

What to Bring

There's lots to do at a Camp In, so we recommend you only bring the essentials. Your belongings should be packed in a large trash bag that is clearly labeled with the camper's name and group. We recommend you bring the following items:

- Sleeping bag and pillow
- A twin-sized camping mat or air mattress (battery powered or manually inflated)
- Toothbrush and toothpaste
- Brush or comb
- Minimal toiletries
- Sleeping mask (due to safety regulations the building does not get completely dark)
- Flashlight (chaperones only)

What Not to Bring

We want your Camp In experience to be as comfortable as possible, but remember you'll be sharing the Center with lots of other people. These items may detract from your Camp In experience and should be left at home:

- Valuables such as jewelry or large sums of money
- Your favorite stuffed animal
- Oversized air mattresses (e.g. queen or king-sized)
- Gum, food, and drinks (they are not permitted on the exhibition floors or in the theaters)
- Pajamas and lingerie (remember, changing of clothes is not permitted)
- Lanterns, tents, and other outdoor camping equipment
- Electronic devices such as radios, digital music players, video games, portable televisions, etc.
- Chargers (e.g., for your mobile phone) or anything that needs to be plugged in to a wall outlet, excluding medical devices (please note any such items on the Group Advisory Form).

If you have any questions about an item, please contact a Camp In Specialist at 201.253.1310.
