

# Mt. Misery Guidelines

1. Keep a **peaceful** and respectful atmosphere towards students and adults with careful listening, punctuality and honor.
2. Respect school **property** and students' belongings.
3. Respect other students' **personal space**.
4. **Remain** with group activities and in sight of an adult at all times.
5. Remain **ONLY** in cabins of **own** gender!
6. Stay in cabins after evening activities until 7:30 A.M. the following morning.

I understand that these guidelines are for the safety and well being of all students' Mt. Misery experience. If these guidelines are not strictly adhered to during the week long experience, the student will meet with the Mt. Misery coordinator, who will contact the building principal and/or assistant principal. The parents/guardians will be contacted to come and take the student home from Mt. Misery. A joint decision will be made as to whether there will be further consequences.

I fully understand I may be called upon at any time to pick up my child.
