

# Mt. Misery Supply List

## Cherry Hill Environmental Education Residency Program

Being away from home can be a daunting experience for some students, especially if it is the first time. Being well supplied with some familiar belongings can help ease the transition to an unfamiliar place.

Comfortable, heated sleeping and dining facilities are provided at Mt. Misery in Pemberton, NJ. However, it is imperative that students be prepared for outdoor lessons. Rain gear is a **must**. Students will not be dismissed from lessons on account of the weather.

Clothing should reflect the season. It is preferable to dress in layers rather than to dress in bulky clothing. Temperatures are often **below freezing** during the late fall and early spring in the Pinelands.

**Please leave all valuables at home.**

Radios, TVs, CD players, walkie-talkies, cell phones and electronic games are **not permitted**.
