**Evening Programs**

**Mystery at the Museum** – We need your help to solve the mystery! Work with our staff to uncover clues, perform experiments and find out what happened to our treasure. Activity booklets were given out at registration and are available at The Welcome Desk.

**Live Science Presentations**

Live Science presentations are available to all campers

**7:30PM and 9:30PM**

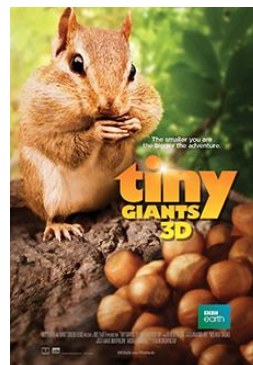

**It's Electrifying** **Governors Hall, 2FL**  
Take part in the most shocking experience Liberty Science Center has to offer as you learn where electricity comes from, how it behaves and even if people really do conduct electricity.

**8:30PM**

**Sub Zero** **Governors Hall, 2FL**  
Explore the four states of matter (solid, liquid, gas and plasma) using super cold liquid nitrogen. See how and why things change from solid to liquid to gas and be surrounded by liquid nitrogen fog.

**Theater Programs**

Please check your schedule for your show time.

**Tiny Giants 3D**

A chipmunk fights for survival, alone in the forest, against huge predators and crafty rivals.

**Robots**

A humanoid robot named RoboThespian introduces audiences to amazing, real robots from around the world.
