Intervention and Referral Services (I&RS)

New Jersey Administrative Code 6A:16-8.1 requires all school districts to establish and implement a coordinated system in each school building, in which general education students are served, for the planning and delivery of intervention and referral services (I&RS) that are designed to:

- 1) Assist students who are experiencing learning, behavior or health difficulties; and
- 2) Assist staff who have difficulties in addressing students' learning, behavior or health needs.

The Intervention and Referral Services (I&RS) is an adult-centered, multi-disciplinary team in each school that is composed of building administrators, school counselors, classroom teachers, and support staff. They welcome requests for assistance from school staff or parents that are experiencing educational difficulties with their student(s), in which traditional attempts to ameliorate the situation have not been met with success.

Frequently Asked Questions

What kind of needs are reviewed by the I&RS Team?

When a child experiences difficulties that affect his or her academic progress, or has exhibited behavior that interferes with learning, the teacher may request support from I&RS. Student difficulties may include problems responding to written or verbal information, a pattern of inconsistent work completion, excessive absence and/or tardiness, and consistent challenges maintaining positive relationships with peers.

How does I&RS help both teachers and students?

I&RS supports the teachers and students by developing an intervention plan that may provide alternative strategies, programs, and/or assessments. The interventions are designed to support the student in achieving success within the regular education program.

When is an appropriate time to request an I&RS review?

A classroom teacher routinely differentiates instruction to address a child's needs in the classroom. A classroom teacher may request services of the I&RS Team when a particular child continues to have difficulties despite these efforts. The referrer must complete and submit a Pre-Meeting Checklist Referral Form directly to the Team Leader to ignite the process.

Fax: (856) 616-0904

How does the I&RS Team differ from the Child Study Team?

I&RS recommends actions intended to help resolve the challenge identified to prevent referral to the Child Study Team. If the actions taken and resources used are not adequate and the problem still remains, the child's needs may suggest referral to the Child Study Team.

What steps are involved in the I&RS process?

- 1.) A Request for Assistance (RFA) can be submitted to the Team Leader. Electronic copies are available through the I&RS E-Board. Hard copies are available in the Guidance Office.
- 2.) Once the I&RS team leader receives the RFA, within 5 school days, they assign student to a case manager from the IR&S team and an Early Intervention Specialist.
- 3.) Case Manager contacts the Parent/Guardian to discuss the function of the IR&S committee. A parent questionnaire will be mailed home to gather background information. Case Manager meets with the student to complete Student Questionnaire and to ensure that they understand the purpose of the referral and their role in the I&RS process.
- 4.) The I&RS intervention meeting for the referred child is conducted in two stages. First, the I&RS Core Team discusses the referral, and delineates clear, concise and measurable objectives that must be met for the student. Time-frames and the persons who are responsible for supervising the achievement of each objective are to be noted at this meeting. Secondly, the parent meets with the case manager and the referring teacher to discuss interventions and finalize the action plan.
- 5.) Early Intervention Specialists collect useful data and share information consistently with the Case Manager.
- 6.) Follow-Up meeting with the I&RS Core Team and parent will be convened according to the time-frame specified within the action plan. Success of plan will be decided as per steps 7 (intervention deemed successful) or Step 8 (intervention deemed not satisfactory).
- 7.) If intervention is successful, student will continue to be included on the case load of the Case Manager, whose responsibility it will be to continue to monitor student progress for the time deemed necessary by the committee. Cases shall be monitored for the academic year on a monthly basis. If continued success is demonstrated, case may be closed and the file archived.
- 8.) If intervention response is deemed not satisfactory by the IR&S committee, the decision will be made to either continue or revise the intervention, refer the child to outside agencies, or refer to the Child Study Team to be considered for evaluations for Special Education and/or related services.

Are parents/guardians partners in this process?

It is our goal to actively engage parents/guardians in the development and implementation of the I&RS Action Plan and throughout the I&RS process. It is strongly recommended the teacher discuss his or her concerns with the child's parents/guardians prior to requesting an I&RS review. Ongoing effective parent/guardian participation might include: recommendation of interventions, participating in I&RS Core Team meetings and/or providing background information about their child.

Fax: (856) 616-0904

What are the responsibilities of I&RS Team Members?

The I&RS Team designates a Team Leader, Case Managers, Early Intervention Specialists and Core Team Members. The roles of the team directly impact the success of the process. Learning Community teachers and support staff participate on a consultative basis. Core Team meetings will be held during the day on the fourth Friday of the month. Classroom observations, student interviews and peer dialogue are regular means of ensuring notable achievement gains. Collaboration, creativity and care are key!

How can I get additional information about Intervention and Referral Services?

Please contact Lynne Vosbikian, I&RS Team Leader and Assistant Principal, at 856-616-8787. The corresponding e-mail address is: lvosbikian@chclc.org.

Observed Intervention and Strategies

Please indicate the types of interventions/strategies you have observed by writing the date(s) on the line next to each intervention. Check off in the following column if progress was met or not met. If progress was not met, document the outcome. Attach additional sheets as needed.

	Dates	MP/NP	Document Outcome
1. Speak to student privately.			
2. Change student's seat/seating arrangement			
3. Set up contingency management plan with student Brief explanation:			
4. Establish signal to keep student on task.			
5. Assign student detention.			
6. Detail precipitating factors leading to behavior.			
7. Explain behavior leading to consequences/rewards.			
8. Reward appropriate behavior .			
9. Role-play or model appropriate behaviors.			
10. Allow student to work independently (while others are working in groups).			
11. Create a private work area for student (i.e. ZAP, Guidance).			
12. Use positive reinforcement with student (i.e. "This is what to do" rather than "Don't").			
13. Alter class schedule.			
14. Forewarn student when transitions were occurring.			
15. Allow students to take breaks during the day.			
16. Gave student specific errands to perform in room.			
17. Have a special folder/system to keep student busy when he/she is finished classwork.			
18. Break down multi-step directions into smaller tasks.			
19. Other:

Intervention and Referral Services (I&RS) Parent Questionnaire

STUDENT'S NAME: _____

PARENT'S NAME: _____

DATE: _____

1.) What do you see as your child's strengths?

2.) What makes you proud of your child?

3.) How does your child spend his /or her time?

4.) What does your child do that causes you the most concern?

5.) What has been the most successful way to deal with your child's behavior?

6.) How can the school assist you with the concerns you have for your child or the concerns that have been identified by the school?

7.) In the past school year, has your child been seen by a doctor for anything other than a common illness? If so, what caused you to take your child to the doctor?

8.) Has your child been seen by a health professional for any physical or emotional problem that interfered with your child's success in school?

9.) Have you noticed any significant changes in your child's behavior or physical appearance?
